Quartus Prime Pro Edition
Release date: December, 2020
Latest Release: v20.4

Select edition: **Pro**
Select release: **20.4**

Operating System: Windows Linux

Intel® Quartus® Prime
Design Software

✓ The Quartus Prime Pro Edition Design Software, Version 20.4 includes functional and security updates. Users should keep their software up-to-date and follow the [technical recommendations](#) to help improve security.

✓ The Quartus Prime Pro Edition Design Software, Version 20.4 is subject to removal from the web when support for all devices in this release are available in a newer version, or all devices supported by this version are obsolete. If you would like to receive customer notifications by e-mail, please subscribe to our [subscribe to our customer notification mailing list](#).

✓ The Quartus Prime Pro Edition Design Software, Version 20.4 supports the following device families: Stratix 10, Arria 10, and Cyclone 10 GX. A license is required for all device families except Cyclone 10 GX which does not require a license. [More](#)

✓ Intel® Quartus® Prime Pro Edition Software version 20.4 has been updated to build number 72. The continued use of the first release, build #64, could cause inaccurate results. Intel strongly recommends all customers that have the previous 20.4 build #64 update to this latest build. No support or patches will be available for build 64; you must install build 72 for any support or future patches. To determine which build you have installed, please open Quartus Prime Pro and select Help -> About Quartus Prime.

Register

If you don't already have access to the Intel® FPGA Program, select the option that best meets your needs.

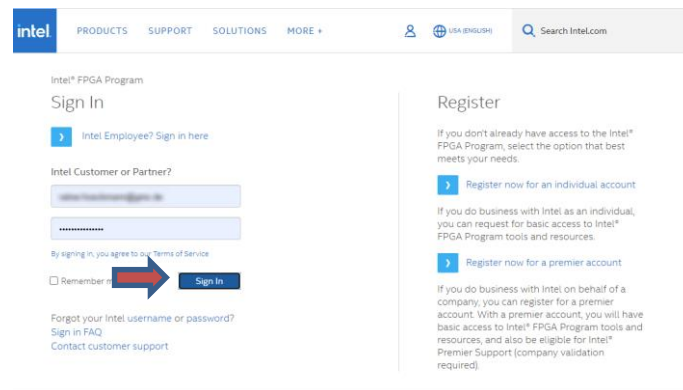

Register now for an individual account

If you do business with Intel as an individual, you can request for basic access to Intel® FPGA Program tools and resources.

Register now for a premier account

If you do business with Intel on behalf of a company, you can register for a premier account. With a premier account, you will have basic access to Intel® FPGA Program tools and resources, and also be eligible for Intel® Premier Support (company validation required).

Dann anmelden:

The image shows the Intel FPGA Program Sign In and Register page. The Sign In section on the left includes a link for Intel Employees, a field for Intel Customer or Partner email, a password field, and a Sign In button. A red arrow points to the Sign In button. Below the Sign In button are links for 'Forgot your Intel username or password?' and 'Contact customer support'. The Register section on the right offers two options: 'Register now for an individual account' and 'Register now for a premier account', each with a brief description of the account type and a corresponding Register button.
